I know that I don't understand  
The way my feelings arose  
I've got to look outside again  
And wonder where I have gone  
I looked into someone's eyes again  
And it's been oh so long  
I never meant it to talk again  
I tried to silence you  
You keep comin' back again  
You keep comin' back for more  
And then you come back and haunt my mind  
You try to make me look good  
You know i just don't have the time  
I never ever understood  
You keep comin' back again  
You keep comin' back for more  
You keep comin' back again  
You keep comin' back for more  
You keep comin' back again  
You keep comin' back for more  
You keep comin' back again  
You keep comin' back for more
