I know that I don't understand
Ooh, where my feelings roam
I've got to look outside again
And wonder where I have gone

I looked into someone's eyes again
And it's been, oh, so long
I never meant it to talk again
I tried to silence you

You keep comin' back again
You keep comin' back for more

And then you come back and on my mind
You tried to make me look good
You know I just don't have the time
I never ever understood

You keep comin' back again
You keep comin' back for more
You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more
You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more
You keep comin' back again
You keep comin' back for more

You keep comin' back again
You keep comin' back for more
