I am running, I will meet you halfway  
When I get there, will you be waiting for me?  
And I'm scared that you don't feel the same  
And after all just how much can I take?

Heaven help me  
I say I'm in love, I'm all in love with you  
As I can't help myself  
I'm falling down, I'm falling hard for you

I can't sleep and I don't know what to say  
And what we want isn't always what we need

Heaven help me  
I think I'm in love, I'm all in love with you  
As I can't help myself  
I'm falling down, I'm falling hard for you  
For you, for you, for you, for you

I don't wanna be by myself, I don't wanna be by myself  
I want you here, I want you here  
I don't wanna be by myself, I don't wanna be by myself  
I want you here, I want you here

I don't wanna be by myself, I don't wanna be by myself  
I want you here, I want you here  
I don't wanna be by myself, I don't wanna be by myself  
I want you here, I want you here

Heaven help me now, heaven help me now  
Heaven help me now, heaven help me now  
Heaven help me now, heaven help me now  
Heaven help me now, heaven help me now  
Heaven help me now, heaven help me now
