Intro:

Baby, I need to tell you something
The first time u caught my eyes was mysterious
I never expected to meet anyone so special
You're my dream come true

V1:

The moment you caught my eyes, I couldn't believe
that somebody
(Could move my this way) but now I know there is a
reason (why we met)
I will never forget the 1st time I saw you, the time stood
still and I heard the angels
(Sing from above) then I recognized it's God's divine
plan, he had send someone,
Someone worth (waiting for) my baby

Chorus:

I wanna thank you for being in my life, you mean so
much to me,
I can't do without you, babe, I love you.
You are my dream come true, babe you know I love
you.

Rap:

Come to me baby, I need you right here to put some
smile on my face,
Come let's kiss upon...

V2

We are close together, that is so sweet.
The harmony makes me feel warm inside, the way I
feel about you,
Nothing can stop me from loving you my baby (baby,
oh baby)

Repeat chorus

Whenever I look at you, I always feel there is something
special about you,
But the more I try to find out what it is, the more it
seems to me,

That it's gonna take a lifetime to find out, if you know
what I am talking about,
I am gonna spend the rest of my life with you, am
going nowhere baby

Repeat chorus to the end
