V1

Everywhere I go, I hear music
Anything I do, I do with music
DJ, don't stop the music, if you stop the music, you hurt
my feelings,
U will break my heart, if you stop the music, you make
me angry,
If you stop the music, u won't like me, if am angry, oh
yeah

Chorus:

I am addicted to music, I'm in love with the music
I like it that way, that's how I like it

V2

Imagine this world without music, there is nothing in
this world without music,
Put on my tv I hear music, turn on my radio, I hear
music
See them church, they play music, walking down the
street music everywhere,
There is nothing in this world without music, oh yeah

Repeat Chorus

Rap

Tell me what we do in this world without music, I know
you'll agree with me,
That music rules the world
Music console you when you're down
Through music we make a lot of friends

Music rules the world, there is no doubt about that 2 x
Through music, we make a lot of friends, God, music
rules the world,
There is no doubt about that.

V3

DJ keep on the good work, I can feel the music in my heart,
I can feel the music in my soul, I said I've got music in my heart, everywhere I go I hear music
There ain't nothing in this world without music... uuh I love music, everything I do I do with music.oh yeah

Repeat Chorus
