Well well well, we're gonna make it, we're gonna make it baby.

We've been broken down to the lowest turn
Bein' on the bottom line, sure ain't no fun
If we should be evicted from our homes,
We'll just move somewhere else and still carry on

Oh, you and me baby

The only way is up, yeah, for me and you now
The only way is up, baby, for me and you now

Now we may not know where our next meal is coming from
But with you by my side, baby, I'll face what is to come
Girl, I want to thank you, for loving me this way
Things may be a little dark now but there'll a brighter day

Just hold on, hold on, it won't be long now
Hold on, hold on

The only way is up, yeah, for me and you now
The only way is up, baby, for me and you now

You and me together, we're gonna make it yeah
Life make you raw but we can take it, ah...
I truly know we're gonna make it

The only way is up, baby, for me and you now
The only way is up, yeah, for me and you now
The only way is up, baby, for me and you now
The only way is up, yeah, for me and you now
The only way is up, hold on, hold on, it won't be long
The only way is up, hold on, hold on
The only way is up, hold on, hold on, baby, yeah, it won't be long
The only way is up, hold on, hold on.
