Hush, darling, and don't you cry  
I'm coming home to dry your weeping eyes  
Hush, little darling, and don't be blue  
I'm coming home to see about you

It's been so long since I've seen you  
I don't know what in the world I'm gonna do  
But if you're still waiting with your love so true  
You'll make me...

Hush, darling, and don't you cry  
I'm coming home to wipe your weeping eyes  
Hush, little darling, and don't you be blue  
I'm coming home to see about you

You know I got to see my baby, -"she's my one  
desire  
Got to see my baby, -"she set my little soul on fire  
Got to see my baby, -"she's everything I need  
She makes me...

Hush, darling, and don't you cry  
Otis is coming home to dry your weeping eyes  
Hush, little darling, and don't you be blue  
I'm coming home to see about you

You know I got to see my baby, -"she's my one  
desire  
Got to see my baby, -"she set my little soul on fire  
Got to see my baby, -"she's everything I need  
She makes me...

Hush, darling, and don't you cry  
I'm coming home to wipe your weeping eyes  
Hush, little darling, and don't be blue  
I'm coming home to see about you  
I'm coming home...
