I've been missing you for so many days
I keep wanting you, lord, in so many ways
I can't get you off of my mind
But true love is so hard to find

I want yet another day, hey
Ooh, I need another day, hey
Darling, let me have another day
And I can be anything that you want me to be, now

The sweet things you used to do to me
Sometimes, lord, you used to say them to me
I can't forget those lovely days
But this is the price I am about to pay

Ooh, I want another day, oh
You can let me have just one more day
Ooh, I need one more day, oh
And I will do anything that you want me to do now

I will do anything that you want me to do, now
Say anything that you want me to say, yeah
Buy you anything you want me to buy
And I can cherish you till the day I die

If you let me have another day
Please let me have one more day
Ooh, I want just one more day, lord
And I can be anything that you want it to be, oh

Just one more day now
You can let me have just another day, now
Please, I want this day and the day and the day
And I want all the days, I want all the days, I want you

And I want you here by my side
And I don't want you to leave me
And I can love you, lord, for the rest of my life

I can cry, cry, cry, cry, oh man, oh man
Please, let me have just one more day, oh man
Just another day, just another day

I want all the days now, now

Let me have, let me have all my days, my days

I feel I gotta, I gotta, I gotta

Oh man, I gotta have just all the days

I need it, need it
