This is my lovers prayer  
I hope it'll reach out to you, my love  
This is my lovers prayer  
And I hope you can understand it, my love  
My life is such a weary thing  
But it might be so fragile bringing it around (?)  
You keep wanting, waiting and wishing  
When I know deep down that I'm not to blame  
What you gonna do tonight  
When you need some loving arms to hold you tight  
What you gonna do tonight  
When you need my heavy voice to tell you good night  
Honey but you can't let that be no problem  
You ve got to come home and help me solve it  
[Yeah] I won't be missing you  
And honey, my lovers prayer would be all over  
What can the matter be [now]?

It can't be to serious we can't talk it over  
Living in this misery, darling  
You can't make my life all over  
Honey but don't you let that be no problem  
Just come on home and help me solve it  
[Dear] I won't be missing you  
And my lovers prayer would be all over  
It got to be all over  
Honey all over  
Don't keep my life going round so many circles  
I won't be missing you  
I won't be missing you  
And my lovers prayer won't be all over  
This is my lovers prayer  
Come on y'all  
This is my lovers prayer  
And I hope it reaches out to you  
This is my lovers prayer  
I hope it gets to you
