Girls can tell if boys are true
By the things they say and do
And I can tell that you'll be true to me

Don't you know it means so much
When I feel your tender touch
When you say that I look real fine
When you put your hand in mine

We will always be together
Stay in love forever, girls can tell

Girls can tell if things are right
When they've kisses a boy goodnight
And I can tell that you're just right for me

When it's time for you to go
Gee I'll always miss you so
I gotta kiss you one more time
I gotta hear you say you're mine

We will always be together
Stay in love forever, girls can tell

Every day I'll love you more
Than I did the day before
Listen, I will make you see
Just how much you mean to me

Every time I look at you
I just don't know what to do
And I wanna hold you tight
I wanna see you every night

'Cause the stars that shine above me
I can say you love me, girls can tell
