It's not what they're giving
It's just what they're taking away from me
There's not much there to lose
And I can't take this anymore
Or I'll wind up chaulked out on this floor
So we've got to move

I wish that I could have seen through
Because I've seen better days than this
Hope you never thought you'd kill me quick

I'm at a loss for words
No need to bite my tongue
I've got no nerve left in me
So I'll breath in
And slowly release it

And I've always felt like
There was no good way to say goodbye
When I seen your lips upon his
I thought you've always had a way with words
And saying nothing fit you perfect

I wish that I could have seen through
Because I've seen better days than this
Hope you never thought you'd kill me quick

I'm at a loss for words
No need to bite my tongue
I've got no nerve left in me
So I'll breath in
And slowly release it

Though things were bound to change
I never thought you'd do it this way

I wish that I could have seen through
Because I've seen better days than this
Hope you never thought you'd kill me quick

I'm at a loss for words
No need to bite my tongue

I've got no nerve left in me
So I'll breath in
And slowly release it

And here is to wishing it was all in vein
And here is to forgetting your name
