Some things gotta be wrong,
It's been 2 damn years and we're still going strong.
Listen up because we know what we want.
You say you've got heart and that this is the only thing.
But are you willing to deal with everything extra it
brings?

It seems to spread like an infection,
So fatal when it's running through your veins.
Am I assumed to convey what needs to be heard.
And Oh this is so dramatic
I guess you'd rather have it that way.
It's so obvious you can't, you can't take the heat.

Don't say, say this means everything. it's about who
you are,
Not who you're taking home tonight.

This is our divine rule.

Wait for this,
The feeling comes slowly it never repeats,
Just let it go. Oh I see
You're starting to crack from the pressure.

Fingertip to fingertip I see the sweat as it starts to drip.
Watch your step you may slip. This is a new home
Come to hail our house of plague.

It seems to spread like an infection,
So fatal when it's running through your veins.
Am I assumed to convey what needs to be heard.
And Oh this is so dramatic
I guess you'd rather have it that way.
It's so obvious you can't, you can't take the heat.

Oh I've seen the worst of you,
But you've heard the best from me now.

This is just more than your talking about.

We've been waiting all these years,

Completely consumed by self-loathing fears.
Finally I'm standing here saying what I needed to say.

It seems to spread like an infection,
So fatal when it's running through your veins.
Am I assumed to convey what needs to be heard.
And Oh this is so dramatic
I guess you'd rather have it that way.
It's so obvious you can't, you can't take the heat.
