Who said we're givin' up?  
Haven't even begun.  
You'll find the lock,  
We'll find the key.

On through the avalon,  
Pacing our steps.  
This is how I'll find our way home.

Are we just wandering?  
Watching the scene,  
Drawing us outlines of a vivid dream.  
This is where it ends.  
I can see the future through these eyes.  
(Through these eyes.)

Let's just stop,  
And realize...  
That we all live in these moments escaping.  
Take a breath,  
And watch the stars collide.  
(Collide.)  
Say what you will.

Brothers in arms.  
We are young and aspiring,  
But dreams don't come so easily.  
So let's set this floor on fire.

Hold on tight.  
This is where our ride gets...  
Slightly aggressive,  
And it's how it's intended to be.  
Make your move,  
Don't take the time,  
'Cause before you know it,  
It's gone.

Let's just stop,  
And realize...  
That we all live in these moments escaping.  
Take a breath,

And watch the stars collide.

Make it shake;  
Initiate the earthquake.  
This can be what makes us.  
It's always contagious.  
Get up,  
Get up,  
And see what we scream about.  
Scream so loud.

It's not over...  
It's not over till we say.
