I can remember - standing beside you
holding the rock in your hand
you moved in slow motion
like cinema heroes
sirens, alarms in the crowd.....

How will we manage irreversible damage?
they tell us that we'll never last
but heat always rises
from flames unintended
and you simply burn....

[Chorus:]
Handcuffed to you in the back of the police car
just as the sun went down
I fell in love then - somewhere in Manchester
just as the sun went down
you know I belong to you now.....

Do you remember - standing beside me?
throwing the rock through the glass
all moved in slow motion
our own action replay
chaos unfolded around
how will we manage - collateral damage?
they'll tell us that we'll never last
but heat always rises from flames unintended
and you simply burn....

[Chorus]

Handcuffed to you [x5]
Just as the sun went down
Handcuffed to you [x4]
Just as the sun went down

[Chorus]
