

Our Innocence Lost

"Last Goodbye"

Waking in the night
A cold sweat takes a grip of me
My fear is creeping tight
With out you here to comfort me

In this chair I sit
Broken dreams all over me
Can't get up to run
So here I'll stay

We dance in the moonlight
Between the beams, where we can't be seen
And I know when I go
This will be our last goodbye
We try our best not to fight
And the truth steals the light from this scene
But with these words
We'll be whispering our last goodbye

Time to breathe in deep
Shiver at the sound of it
Life's too tough to beat
I can't even get a hold of it

We dance in the moonlight
Between the beams, where we can't be seen
And I know when I go
This will be our last goodbye
We try our best not to fight
And the truth steals the light from this scene
But with these words
We'll be whispering our last goodbye
