Growing up, I didn't know much right from wrong  
Then one day, I felt you'd take it all away  
Knowing this is more than I should have,  
A life that just shouldn't last  
One more day in the sun is all I ask

Put yourself in my shoes and just walk away  
The past will catch me if I don't stay away

My life's a river and it's flowing away from you.  
You call me up you bring me down, you don't want me  
around  
My life's a river and it's flowing away from you.  
You say you heard me crying but it's the sound of my  
soul dying.

Losing It, I don't know which way to turn  
Now to late, I'm sorry if you feel too much hate  
Reading this I see I've lost my sway  
Writing stories each and everyday  
Can you see me through my mask

Put yourself in my shoes and just walk away  
The past will catch me if I don't stay away

My life's a river and it's flowing away from you.  
You call me up you bring me down, you don't want me  
around  
My life's a river and it's flowing away from you.  
You say you heard me crying but it's the sound of my  
soul dying.

Another day still passes by  
Still I sit here and wonder why  
Was this path forever set in stone  
Will it ever lead the way home

My life's a river and it's flowing away from you.  
You call me up you bring me down, you don't want me  
around  
My life's a river and it's flowing away from you.  
You say you heard me crying but it's the sound of my

soul dying.

My life's a river and it's flowing away from you.  
You call me up you bring me down, you don't want me  
around  
My life's a river and it's flowing away from you.  
You say you heard me crying but it's the sound of my  
soul dying.
