

Our Innocence Lost

"Thank You"

This house is not a home
Why can't you leave, well enough alone
Pushing, prodding, begging to be heard
Lies and poison is all you serve

Pack your lies, You're going home
Reasons why, Remain unknown
Close you eyes, Count back the lies
Numbers high, Wave goodbye

Now they see, What it's been like for me
With you the pain it's real, It's all I ever feel
Now they see, What it's been like for me
Thank you for leaving, and not coming back now

Police come knocking at my door
Heard this bullshit all before
Lost in translation the details of tonight
Lies the same regardless of the fight
