You're a little bit shy

A little too quiet

You're the mixed up girl

That everybody leaves behind

A little bit weird

A little too bright

But you just might be

That little bomb at their side

They'll pull your hair

They'll leave you wide-eyed

But did anybody wonder

What Annie might have in mind

Oh, no

There's something in the way she explains to me

"Please be careful, i exist in someone else's head"

Oh, no

There's something in the way that she makes believe

Please be careful,

Annie dreams that everyone is dead

You're a little bit dry

A little uptight

You're the messed up girl  
That every body tries to hide  
You've had enough  
They're too unkind  
But did anyone consider  
What Annie might have in mind  
Oh, no
