

Our Lady Peace "Hope"

Hope climbs atop of the piano
Reaching out towards the warmth of the sun
Some man tries to ask her down
But now maybe that's where she belongs

My God, she said
"I'm the sunflower that wants"
My God, he said
"This woman is gone"

Into the dark, is there anybody there
My God she said, my God she said
My God she said and my God she said, ohh

He climbed up top to find that she was slipping
Let her go, let her go, let her go, let me go
How long must they leave before they're winning?
They don't know, they don't know, they just don't know

My God, she said
"With a sunflower's want"
My God he said
"The woman is gone"

Into the dark, is there anybody there?
My God she said, my God she said
My God she said, my God she said
My God she said

If she can't be there, I know it's best that
Nothing is denied
Can't be there I know it's best that
Everyone changes sides

Into the dark, is there anybody there?
Into the light, is there anybody there?
Into the dark, is there anybody there at all?
Into the light, to the light, to the light?

My God she said, my God, she said
My God she said and my God, she said
My God, my God

My God, my God

If she can't be there, I know it's best that
Nothing is denied
Can't be there I know it's best that
Everyone changes sides

If she can't be there, I know it's best that
Nothing is denied
Can't be there I know it's best that
Everyone changes sides

Can't be there, I know it's best that
