So you've made up your mind  
You're tired of tryin'  
Time to be scared

I know you wanted to fly  
You can't close your eyes  
Time to beware

But if you believe in the world I'm calling  
If you belong in the world I saw  
If you believe in the world I'm calling  
You'll be strong

So you wasted your time  
You will be goodbye  
Time to be scared

I know you thought you could buy  
Your last piece of mind  
Time to beware

But if you believe in the world I'm calling  
If you belong in the world I saw  
If you believe in the world I'm calling  
You'll be strong

If you believe in the world I'm calling  
If you belong in the world I saw  
If you believe in the world I'm calling  
You'll be strong

Then if you believe in the world I'm calling  
If you belong in the world I know  
If you believe in the world I'm calling  
You'll be strong

If you believe in the world I'm calling  
If you belong in the world I know  
If you believe in the world I'm calling  
World I'm callin' love, love

If you believe in the world I'm calling

If you belong in the world I go  
If you believe in the world I'm calling  
You'll be strong

If you believe in the world I'm calling  
If you belong in the world I saw  
If you believe in the world I'm calling  
You'll be strong

If you believe in the world I'm calling  
If you believe
