how many times have you been pushed around?  
is anybody there?  
does anybody care?  
and how many times have your friends let you down?  
is anybody there?  
did anybody stare?  
oh..  
and how many times have your friends let you down?  
just open up your heart  
just open up your mind  
and how many times has your face slipped away?  
well is anybody safe?  
does anybody pray?  
oh life is waiting for you  
it's all messed up, but we're alive  
oh life is waiting for you  
it's all messed up, but we'll survive  
and how many days have you just slept away?  
is everybody high?  
is everyone afraid?  
and how many times have you wished you were

strong?

have they ever seen your heart?

have they ever seen your pain?

oh life is waiting for you

it's all messed up, but we're alive

oh life is waiting for you

it's all messed up, but we'll survive

she gets high, she gets lost

she gets drunk, by the cost

twice a day, every week

and all her life

she gets high, she gets lost

she gets drunk by the cost

twice a day, every week

and all her life

life is waiting for you

it's all messed up, but we're alive

oh life is waiting for you

it's all messed up, but we'll survive

oh life is waiting for you

it's all messed up but we're alive

oh life is waiting for you oh

it's all messed up, but we're alive

it's all messed up but we'll survive

it's all messed up but we're alive

it's all messed up but we'll, oh we'll

survive
