So you fucked this up again
It's time for you to leave
You never had many friends
And you thought this was all right

You're rushing to meditate
You should eat but probably wait
You never thought of yourself, of yourself

Why are you shaking?
Why are you right?
When I will be the only one who gives
And let you in tonight
And let you in tonight

Walk, you could never walk away
From this speedfreak collagen, caffinated place
You were always reaching in
Looking for somewhere to go
And nobody needs to find out
Then noboby needs to know what you know

Why are you shaking?
Why are you right?
When I will be the only one who gives
And let you in tonight
And let you in tonight

So you wonder about the past
When you know that it's already been
Nothing seems to last
Well it lasts and it lasts

Why are you shaking?
Why are you right?
When I will be the only one who gives
And let you in tonight
And let you in tonight

And let you in
And let you in
And let you in

And let you in
