I let go of the world that was holding
A passenger that could not fly
In search of souls, in search of something
Let it go, let it slide

When I find out what went on
I'll bring it back but it won't be easy
They won't believe how a man
He could drown in a starseed, starseed

I hoped to find why this world wasn't glowing
It's darker as we end this ride
I've fallen back under the equator
I'm back inside, we're back inside
Yeah, yeah, yeah

When I find out what went on
I'll bring it back but it won't be easy
They won't believe how a man
He could drown in a starseed, starseed

We'll shout out nothing, nothing

When I find out what went on
I'll bring it back but it won't be easy
They won't believe the man
He could but I'd choose starseed over nothing, nothing

When I find out what went on
I'll bring it back but it won't be easy
They won't believe the man
He could but I'd choose starseed over nothing, nothing

Starseed over, starseed over
