Alone in a crowd, a missin' planet
You crash to the ground,
You never planned that, It just happened this way.
It happened this way.

The starts in your eyes,
If you believe in death you're certain to die.
If you believe in love you're always alive.
You're always alive.
You're always alive.

Here I am.
Waitin' for one last chance,
'Cuz this time we got, nothing left to loose,
And everything is ruined.
But the end is where we begin.

You're lost in the clouds,
I climbed a ladder but I can't talk you down.
And all that matters is tomorrow, today.
Tomorrow, today.

Tomorrow, today.

Here I am.
Waitin' for one last chance,
'Cuz this time we got, nothing left to loose,
And everything is ruined.
But the end is where we begin.

And the winds will lead us somewhere.
and the winds will lead us somewhere.

Hey!

Here I am.
Waitin' for one last chance,
'Cuz this time we got, nothing left to loose,
And everything is ruined.
But the end is where we begin.
Ah, the end is where we begin.

We got a long, long, long,
We got a long, long, long,
We got a long, long, long,
Long way to go.
