Are you disappointed?
And have we destroyed it? I
But I've been stumbling down
This long and winding road

And these times
Are changing
And it's complicated, I
Well, I don't wanna know

And I
Don't ask why anymore
And I
Don't ask why anymore, anymore

And is it getting better?
Can we live forever, I
And I'm not sure what
The hell we're fighting for

And does the money
Make us?
And will the future blame us, I
Oh, I don't wanna know

And I
Don't ask why anymore
And I
Don't ask why anymore, anymore

When you're tired and alone
And you feel like letting go
Come home

When you can't take anymore
When you're beat up and ignored
Come home

Yeah, the sun's inside the hole
The faster you don't know
A long, long way from home

There are things you need to know
The answers leave you cold
You're a long, long way from home

And the summer's coming back
And it brings a second chance
If you're not part of this
Then I don't wanna know

And I
Don't ask why anymore
And I
Don't ask why anymore, anymore

When you're tired and alone
And you feel like letting go
Come home

When you can't take anymore
And you're beat up and ignored
Come home
Oh, coming home
