Yourself

Are you older than your enemy self

You're not big

I'm not strong enough to carry you here

You're there

You're well

I believe you are a victim of this

You're so bad

I cannot express the emotion I had

You're there

NO

Where you stop

You beg your time

You know it's why I'm not so right

When you talk

You know just why I'm out

You're heavier than

Yourself

You

You're there

You're a victim you are suffering

You're so sad

You cannot explain that time that you laughed

You're there

NO

Where you stop

You be you lie

You talk about when I come back

When you talk

You know you lie about

You're right below

You're there

You build a sound

Looking back

Burning, burning

While you stare

When you do

I don't know
I don't know
I don't know
I don't know
