Untie the knot
This is time, this is it
We're here now
You shall overcome
The weather brings fear for what's to come

Nothing can hold us back
Nothing can stop us

Desparate souls cover the glitches
Now it's time to tame this beast,
Desparate souls cover(cover)
Cover the glitches
Now it's time... to tame this beast!

Those who fear of faith
Bring back what we've finished
What, what we've finished
What we've finished(x2)

Search and destroy
The monsters that caved you in
Demolitioning all detours
Nothing can stop us now

Search and destroy
The monsters that caved you in
Demolitioning all detours
Nothing can stop us now

Never forget
Never forget
Never forget what we've done
