Little boy
You probably don't know it
But on the night we met
You stole my heart away

Little boy
Can't help it if I show it
But I wish that you
Could love me too
Just as much as I love you

Then I know you would see
That you were meant for me
Little boy, please let me
Be your little girl

Little boy
I hope you do believe me
Cause it would break my heart
If you should walk away

Little boy
Just say you'll never leave me
And I'll give my
Heart and soul to you
Then you'll see our love is true

Yes, and I know you'll see
How much you mean to me
Little boy, please let me
Be your little girl

I just want to go
Every place that you go
And do everything
That you do

I just want to know
Everyone that you know
Then spend my
Whole life loving you

Yes, and I know you'll see
How much you mean to me
Little boy, please let me
Be your little girl

Little boy, little boy
Oh, little boy, little boy...
