(Richard Barrett)

Look in my eyes (look in my eyes)  
And tell me you love, love me  
Tell me you want, want me  
Or, darling, I'll be gone (gone gone gone), gone

Look in my eyes (look in my eyes)  
And tell me that you're my one heartbeat  
And that our love will always be  
Or, darling, I'll be gone (gone gone gone), gone

(Oooh...)  
You said more time  
So, open your heart and mine  
Now, speak to me  
Do you want me?  
I got to have so much  
Of your touch  
Come and love me, please,  
Or, darling, set me free

Look in my eyes (look in my eyes)  
And tell me you love, love me  
Tell me you want, want me  
Or, darling, I'll be gone (gone gone gone), gone

Ooooooh ooh-oooooh  
Ooh ooh ooh  
(repeat and fade out)
