I cannot dream with me, I cannot laugh with me no  
more

And my face in the mirror is too dark to see  
I can't breath with me, I can't see myself anymore  
Because my face in the mirror is too dark to see

Those scars remind me how I made you cry  
Your pain remains even if I die

I can't feel myself no more, is there someone behind  
my back

Who can see this curse on me, or is it just too dark to  
see!

I can't take myself anymore, everything I touch falls  
apart

Can you see this curse on me, or is it just too dark to  
see!

Those scars remind me how I made you cry  
Your pain remains even if I die

All these questions, I'm screaming out loud  
There is no one to tell me the way

[Solo: Tieaho]

I can't breath with me, I can't see myself anymore  
Because my face in the mirror is too dark to see  
I can't feel myself no more, is there someone behind  
my back

Who can see this curse on me, or is it just too dark to  
see!

Too dark to see!

Those scars remind me how I made you cry  
Your pain remains even if I die

This is not the truth, this is not for real  
I don't believe you 'cos you tell me lies  
Everyone suffers and I am the cause

Those closest to me are fading away

Have I ever been alive! ?
