My words are like fists to your face!
Enjoy bloodfilled hatred.

I'll die you negligent abusing fucking whore!
You will not steal my sparkle cuz it belongs to
meeeeeeee!.

Roses are red, violettes are fucking blue, PS I Fucking
hate you!

Some are liars, some are your friends.
Some will desive you, others will stay true.
Some are liars, some are your friends.
Some will run away, I will not run away, I will not run
away.

Kill this bitch!
Kill this bitch!
Kill this bitch!
Kill this bitch!

Wont you Die

Some are liars, some are your friends.
Some will desive you, others will stay true.
Some are liars, some are your friends.
Some will run away, I will not run away, I will not run
away.
