Autumn leaves  
Beauty's got a hold on me  
Autumn leaves  
Pretty as can be  
Everybody knows this time  
Shadows are drifting in silence  
Where lost can't be found  
Everybody knows this time

We'll get by  
Move it on let fate decide  
And those water-coloured memories  
Soft as a summer's breeze  
You're as pretty as can be

Knowing now you'll never fake it  
Whether my oceans divide  
I'll try to understand this  
But everybody knows this time

Autumn leaves  
Beauty's got a hold on me  
Autumn leaves  
Pretty as can be

Everyone can see  
Everyone except me

Autumn leaves  
Beauty's got a hold on me  
Autumn leaves  
Pretty as can be  
Pretty as can be
