Time is but a memory  
The bitter note unsung  
Running  
Tryin' to find salvation  
From the sorrow that is done  
For the life of me  
Will the sorrow rise  
For this under underlies all i see  
For time is but a memory  
Beautiful for some  
Feathered like a majorette  
In a rose unsaid and done  
Moments like a rainbow coloured sky  
How they come and go  
They come and go but why  
For unknown is our fortune  
And our fortune won't let go  
And our faith it will die with the sun  
It will lie underneath  
All will see  
For time is but a memory  
Beautiful for some  
Feathered like a majorette  
In a rose unsaid and done  
But it's all  
All for our future  
And our future won't let go
