### "Stay Close"

Many words of wisdom have been given us  
As tangible as turning the page  
But we tend to keep our distance  
And resist the simple choice  
Then wonder why we cannot hear His quiet voice

Stay close  
Don't go  
Stay close  
No, don't make those same mistakes  
Take those things that you know to be true  
And hold them to you  
Don't let go  
Stay close

Many times I've seen the wonder of His ways  
Lost in the closet of neglect  
But the door is always open  
To the turning of a phrase  
A brilliant light spills inside to show the way

Stay close  
Don't go  
Stay close  
No, don't make those same mistakes  
Take those things that you know to be true  
And hold them to you  
Don't let go  
Stay close
