We don't say much
When we're around each other
I wish you'd tell me
How you feel
We do so much
Dancing around each other
Won't you reach out
And pull me in

So many things I wish you'd say
So much I would change

But I would let these wishes go
Push them all aside
If there was one thing
I could know for sure
Tell me that when this life is over
I will see you there
On the other side of heaven's door
This means more than anything
This is my wish for you

Do you know how much
I really love you
I wish I knew
How to show you more
I do so much
Thinking about you
But keep to myself
What am I waiting for

So many things that I should say
So much I would change

But I would let these wishes go
Push them all aside
If there was one thing
I could know for sure
Tell me that when this life is over
I will see you there
On the other side of heaven's door

This means so much more to me
This is the most important thing
This is my wish for you
