This is the future rock

This big-beat blasting out of the tenement yards
Through the shantytowns off the prison walls
Rip out your headphones, get ready to dance ya'll
Future-Rock interrogating your dancehall
I'm coming for your children and I'm coming tonight
Coming tonight, coming tonight

I don't wanna hear the same old sound
The same old sound
I don't wanna hear the same old sound
I'm ready for the showdown

Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock

Look out your window, there's a party below
Welcome to the war-torn dancefloor uproar
The Mumbai mambo Petrograd rap
Heavy metal samba, it's a matter of fact
Outernational's sound, it's a counterattack
The horn's already blowing, there'll be no turning back

I don't wanna hear the same old sound
The same old sound
I don't wanna hear the same old sound
I'm ready for the showdown

Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock

Come 'n get me now

Is it a style or a way of life?
Is it the sound of the coming riots?
This is the story of a gang that flies
Rhythms and rhymes lighting up the sky
A microscope looking close seeing all that's inside
A telescope to the horizon if you open your eyes

I don't wanna hear the same old sound
The same old sound
I don't wanna hear the same old sound
I'm ready for the showdown

Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock
Whoa Whoa
This is the future rock
