J. spinks

(chorus)

It's better than nothing girl

It's better than nothing at all

It's better than nothing girl

It's better than nothing

Let's find a hideaway tonight

Somewhere where we can be together

I'm tired of waiting for the right time

If this is not the ritz whatever

(chorus)

I wanna hold more than your hand

I wanna touch more than emotion

You don't need words to understand

This hole might be run down and broken

(chorus)

Don't think because I just can't wait that I don't care

This isn't meant to be a back seat love affair

(chorus)
