J. spinks

Yellowman - dealing in a back street

Sinnerman - he's telling you it's never enough

Nobody there - inside the mind he wasted

(chorus)

In a city where it's all gone wrong

Too many people and they don't belong

Suffocating on the air they breathe

Selling their souls for the magic seed

Pretty girl - standing in a doorway

At a price - offering a bed for the night

Nobody cares - a sign of the life she's wasted

(chorus)

So afraid - nowhere else to go now

Far far away - there's a place

That you once called home - but

(chorus)

Yellowman - you can't buy me

Sinnerman - pretty girl

Selling their souls for the magic seed
