J. spinks  
Think I might get lucky tonight  
Let my hair down get a little crazy, yeah  
My reflection's doing alright  
It don't take nothing to introduce suggestion  
Everbody's got one thing on their mind  
A set of wheels and a cranked up radio  
In this town there might be nowhere to hide  
In this town there might be nowhere to go but

(chorus)  
On my left - to my right  
This is my paradise  
You can call it what you like - I know  
This is my paradise

I might get lucky again  
I got a deal I know won't break me yeah  
If I can afford what money can't buy  
There's nothing better than a small town lady  
I'm no different to the boy next door  
A good time's the same for everyone  
I don't need another chance to be sure  
Since the day I was born I've always felt secure 'cos

(chorus)

Reputation's got a price of it's own  
But not too many people want to pay for it  
Everybody needs a place to come from  
Everybody needs a place where they belong

Everybody - this is my paradise

(chorus)
