[Intro: Big Rube]

Conceive true deception multiplied a million fold
Visualize the yin and yang in a battle so intense
that we get em confused
The resident evil specialize in misconstruing
We wanna be at a presidential level -- what are we
doing?
Foolin ourself, clownin ourself, playin ourself
By not bein ourself
We can't babble no more than we can bob our head
offbeat
Nimrod by the time we forty cause we can't get our
meat
While we ask no reason for the misplacement of the
season
look at the picture that's painted
Tainted as the mind who's blinded to the point
where Sodomites get all the rights
We fall for fights with fisticuffs
Get pissed enough to miss the bus
It disgusts me to see my folks run up on
I say stand up on deception of time all of Revelations
And recognize this mind on the reality of horror
known as mankind
Jesus and his twelve disciples make thirteen
A righteous number of righteous men
Even Judas the Betrayer came true in the end
The Devil say the end is the beginning
They teach that we were the product of incest
Invest no level of self into their system of Paganomics
Stand with us and don't look back upon it
Just face this mindstate
Otherwise Babylon...

(My memories of yesterday...)

[cut and scratched:] "Ninety-six gonna be that year..."

[Verse One: Andre]

I bet you never heard of a playa with no game
Told the truth to get what I want but shot it with no
shame
Take this music dead serious while others entertain
I see they makin they paper so I guess I can't
complain... or can I?
I feel they disrespectin the whole thang
Them hooks like sellin dope to black folks
And I choke when the food they serve ain't tastin right
My stomach can't digest it even when I bless it
I'm confessin one mo' lesson from the South we in the
house tonight
Now hootie who wants to oppose? Suppose
We rolls through Headland and Delowe
where me and my niggaz surpassed the flow
And got down for ours like hind catchers
My mind catches flashbacks to the black past
while my close niggaz laugh at
The Southern slang, figure ways and mojo chicken
wangs
I grew up on booty shake we did not know no better
thang
So go 'head and, diss it, while real hop-hippers listen
Started by Afrikan Bambaata, so you and your potnah
Gather your thoughts

[Musical Interlude: Debra Killings]

(Something's gotta change
Songs of laughter and happiness comes from
teardrops to rain
When daring despair, fortune may lead in my day
And slight breezes of longing finally move my way
Like memories of yesterday...)

[Verse Two: Big Boi]

Uhh, born Antwan Patton but my potnahs they call me
Big Boi
It's the nigga the B-I-G, be speakin the truth not talkin
that shit boi
I'm thinkin of checkin my traps and bustin my raps and
throwin them craps
Seven-eleven is no convenience, you pumpin your gas,
they're watchin yo' back
For the robbin crew, thinkin they robbin you, you must
be cautious
To stand up on yo' game and pimpin these crows you
must be flawless
Like Mortal Kombat, but fuckin these wombats got you
dizzy

My nigga you know of I wanna be playin but runnin up
on me like you miss me
You catchin the wrong vibe, packin yo' shit and rollin
yo' eyes back
Flexin up on the corner tossin your dice and rollin your
Cadillac
But man it seems I'm reachin out and touchin the
wrong nigga
Don't expect me to be pimpin get your index off the
trigger
As we bust, us, we leavin em in the dust
So keep that clean up out of your nose I said my piece
and then I hush
As the candidate keeps flippin... niggaz dippin...

[Musical Interlude]

[Verse Three: Andre, Big Boi]

I really be love it we are gathered to life
So pissed to lather we come clean
Some issues need to be addressed like envelopes I
mean
Oh like Liberty Bells yes them bullets keep on rangin
On fire like the Georgia mass choir we keep on sangin
Bringin our folks closer together cause they severed us
from the get green
Light and we ain't gon' stop until we hit the big screen
Psych because no one is free when others are
oppressed
So, we hit the stage and then we fly back to our nest
Growing old

Like some eagles, people don't understand
Just like their parents don't be carin
I'm speakin about you playin with that phony stuff you
sharin
in your raps Mercedes Benz and all your riches
Thinkin you got it, but get it get it, but you ain't pimpin
no bitches
Cause you flaw, in, fallin like leaves into driveways
Isn't it lovely smokin good and sloppy head on
highways
Friday's are tight but Saturday just makes it old
When tonight's are hot warm enough to feed your soul
Growing old

[Musical Interlude 2X]

("96 gonna be that year...")

(Like memories of yesterday...)

[voice of Andre fades in]
see all them leaves must fall down, growin old

Fat titties turn to teardrops as fat ass turns to flab
Sores that was open wounds eventually turn to scab
Trees bright and green turn yellow brown Autumn
caught em, see all them leaves must fall down, growin
old [repeat 3X]
