Can I dance?  
Ooh, ooh, ooh, Awww shit!  
Big Boi, Big boi

*[Verse 1]*

What if everything you ever knew or known was lost  
The needs tend to freeze you when you gatherin' yo  
thoughts  
You pause for the cause, try to recall and remember  
But the train is in reverse and the caboose is in the  
center  
cause your mind ain't free, constricting by the  
motherfuckin' boundaries  
An ounce of weed or an pound of dro  
Couldn't place you on the planet where I'm transmitting  
life from bro  
brother, brohem  
Cadillac on bows, strike a pose then the door slams,  
wham nigga wham, don't they say that in they show  
damn  
For show man, actin like a tadpole out of gonads, you  
now how catch the truth, hit the booth we makin more  
jams  
Spread the strawberry preserves on your nervous  
program, fuck the learning curve  
We took our ramp to no man's land  
Hello, is anybody home, is anybody givin dome  
Serve me up I want some

*[Chorus]*

Buggface toe jam, from the face up cuz you don't give  
a jam  
Jam to the jam, toast jelly to the jam  
Imagine me now jammin, shovin it up your monkey jam  
Buggface toe jam, from the face up cuz you don't give  
a jam  
Jam to the jam, toast jelly to the jam  
Imagine me now jammin, shovin it up your monkey jam

*[Verse 2]*

When I'm left alone I get to thinking to myself  
The mind is a terrible thing to waste so use it until  
none's left

Like everything is alright clearly tight to death  
I can see clearly now analyzing every step  
Clearly you can feel me cuz it's beating through your  
chest  
And you can see me clearly through the window paint  
drip wet wet  
with no tint not yet, clearly I'm a vet  
And not a veterinarian, but clearly pitbulls are the best  
Like the O-U-T-K-S, clearly nigga you know the rest  
And if you acting like you don't, clearly nigga you trying  
to test  
Crystal clearly I confess, and I suggest, you clear the  
runway  
Cuz the ticket is a one-way, clearly back we won't be  
coming

*[Chorus]*

Buggface toe jam, from the face up cuz you don't give  
a jam  
Jam to the jam, toast jelly to the jam  
Imagine me now jammin, shovin it up your monkey jam  
Buggface toe jam, from the face up cuz you don't give  
a jam  
Jam to the jam, toast jelly to the jam  
Imagine me now jammin, shovin it up your monkey jam

Can I dance?  
Can I dance?

Oh shit, bamboo! Stop! *[Laughing]*  
Y'all just playin around now! Come on Cross! *[fades]*
