Break!!

[Chorus]

Ooh-ooh, ooh-oo-oo-ooh

Ohh, ba-doo-do-doo-doo-doo

Follow the lights, they

Lead to something...

Ooh-ooh, ooh-oo-oo-ooh

Ohh, ba-doo-do-doo-doo-doo

Follow the lights, they

Lead to something...

Ooh-ooh, ooh-oo-oo-ooh

Ohh, ba-doo-do-doo-doo-doo

Follow the lights, they

Lead to something...

The time we're face-in, uhh

Get off your feet cuz time is wast-in, uh

Must be strong in this situatio-in, well

So raise your hand and let's start takin, let's start takin

Let's go, let's go, let's go, let's go

[Big Boi]

Even In Darkness

Darker than the Lochness monster's dwelling

It don't scare me, that's fairy telling

But what about Hell and Heaven?

Nothin is that ir-rel-ev-ent, you must find yourself, your intent

Don't commit thyself, cuz another nigga done did it

In and outta style like leather African pennants

Say that your with the spirit, follow the Ten

Commandments

Mad Mixmaster said, "Now can ya spin it?" Say NOW!!

[Chorus]

[Big Gipp]
Gipp the epiphany
I wanna be remembered in infamy
Composer and producer of the symphony
I done had struggles in my life, so I know that it was
meant for me
You was sent for me
Showed me light through the power of chi and your
intent to see
You teach for He, discretely
Givin them a piece of me -- the peace was free, gone

What I need, what I want, what I see
Is two different things, two different...

[Chorus]

[Cee-Lo]
It was so elequent-aly, I emerged from the sorta verse
Origin purpose be partially profound of the very power
that's in me
When God said he so loved the world, that he gave his
only begotten son
I thought he meant me
Jesus is my older brother evidently, experiment in me
Let the complexity collapse the pocket quickly
Life is but a dream, ya row ya boat gently
It's cool to have a Bentley, I want a Bentley
Yet I ponder why, I smoke my presence prominently?
If you want your mind blow, look we're all alone... Follow
the light

[Chorus to fade]
