I stank I can, I stank I can
The funky engine that could
Yowsky, wowsky, pisky, wisky
All aboard the Stankonia Express

The underground smell road
Everybody's lookin' for an excuse to let loose
What's your locomotive
The chatta nigga choo choo?

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Back on the microphone, your number one controller
I rock the microphone like a blizzard, I'm so cold I'm
tryin' to hold ya
Life is like a great big roller coaster
Everything in life don't happen like it's suppose to

Trials and tribulations make you stronger, live longer
You wanna reach the nation nigga? Start from ya
corner
Everything don't always happen like you planned it
Demand it, over stand it then you handle it

Fuck wishing, you missing the ambition on your mission
Now you switching, why you quitting 'cause it's heated
in the kitchen?
Stop ya slipping and ya pimping nigga
You either pistol whoop the nigga or you choke the
trigger

You've got to follow through, struggle to complete your
dreams
No weapon formed against prospers 54:17

From Isaiah lay a nigga down and spray 'em
If the dealer dealt a fucked up hand of cards you've
gotta play 'em

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Yeah, too democratic, republic fuck it
We chicken nugget, we dip in the sauce like mop and
bucket
Blue-collar scholars, who'll take your dollar and wipe
my ass wit it
You livin' for the lotto never hit it

I met a critic, I made her shit her drawers
She said she thought hip-hop was only guns and
alcohol
I said, "Oh hell naw!" But yet it's that too
You can't discrimi-hate 'cause you done read a book or
two

What if I looked at you in a microscope, saw all the dirty
organisms
Living in your closet would I stop and would I pause it?
To put that bitch in slower motion, got the potion and
the antidote
And a quote for collision the decision

Do you wanna live or wanna exist?
The game changes every day so obsolete is the fist
and marches
Speeches only reaches those who already know about
it
This is how we go about it

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

I'm wild just like a rock, a stone, a tree
I'm free just like the wind the breeze that blows
And I flow just like a brook, a stream, the rain
And I fly just like a bird up in the sky

And I'll surely die just like a flower plucked
And dragged away is thrown away and then one day it
turns to clay
It blows away, it finds a ray, it finds its way
And there it lays until the rain and sun

Then I breathe just like the wind the breeze that blows
And I grow, just like a baby breastfeeding
It's beautiful, that's life and that's life
And that's life and that's life

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've got to re-route my dreams

Humble as a mumble in the jungles
Of shouts and screams
That's the way the cracker crumbles
So I guess I've gotta re-route my dreams
Y'all can't harm me, it's over
