Nigga, quit being so goddamn selfish  
Put it in ya pelvis  
Let it work, gyrate, motivate

I'll call before I come, I won't just pop over, out the blue  
I hope that you do too  
I'll call before I come, I won't just pop over, out the blue  
No, after you

Oh, thank you, Lord for throwing some shy  
Bones in my body let me tell you why  
If not so, I'd be too, too bad  
When it comes to pink polka dots and plaids

Glad to meet you, my name is Dre  
But you can call me Possum Allawishes Jenkins  
Andre 3000 for short

And naaw, I don't want to see your thongs  
I kinda dig them old school cute regular draws

I'll call before I come, I won't just pop over, out the blue  
(And I will pause for your cause)  
I hope that you do too  
I'll call before I come, I won't just pop over, out the blue  
No, after you

I'm a gentleman, I'm a satisfy your soul and then I'm a  
get mine  
Like Wimbledon we back and forth across the court  
until we give out  
Do you take it all or spit it out, are you faking the funk  
and living a lie?  
Do you really know what it feels like to have no control  
over the G spot?

It's like a brand new pair of Reeboks or a junkie freshly  
detoxed  
You feel the tingling all over like convulsions or the  
rooster pox  
I used to not give a damn but now I make it a point just  
to please you

So you can go back and tell all your buddies, I pretty  
d'd you

I'll call before I come, I won't just pop over, out the blue  
I hope that you do too  
I'll call before I come, I won't just pop over, out the blue  
No, after you

Let's see what you wanna do with the Gangsta Boo  
Let's cut, nigga, nigga what, I'll cut you too  
Coming through in a Escalade limo, tint with shade  
Purple haze in the ashtray ready to get a blaze

What the biz nigga jump on in relax wit a lady  
Wit a reputation known for sexing niggas 'til they crazy  
Whatcha mean dog, telling a play like Boo to call  
before I come  
You a game I'm fucking you for fun

Join the bandwagon nigga, it's a Gangsta Boo party  
Everybody wanna join come and freak wit somebody  
Riding Jaguars, riding Prowlers all sports cars  
Hitting strip bars wit the top down, fuck y'all

Groupie, you need to be glad you even knew me  
Do me and tell all my friends my truly blew me, bitch

I'll call before I come, I won't just pop over, out the blue  
I hope that you do too  
I'll call before I come, I won't just pop over, out the blue  
No, after you

Nigga, you better dial 404-485, well bump all that  
But shit you'd better call before you get here and that's  
a fact  
Before you get your feelings hurt because you caught  
me playing nurse  
Wit a stethoscope running around in one of those cut  
shot white skirts

I tried to tell you, but you wouldn't respond to idle  
wishes  
Peeped in the window saw me cooking shrimp  
In high heels and washing dishes  
For Daddy Fat Sax and it's something I couldn't explain  
I know it's a dirty, dirty game but you should called  
before you came

I'll call before I come, I won't just pop over, out the blue  
I hope that you do too  
I'll call before I come, I won't just pop over, out the blue

No, after you

I'll call before I come, I won't just pop over, out the blue

I hope that you do too

I'll call before I come, I won't just pop over, out the blue

No, after you
