OutKast, tea's long, tea's strong
Lastin' long versus long lastin'
Education, [Inaudible], the difference between the two
Which do you live in, yo'self?

Luck of the draw a master plan without a flaw
Somethin' lastin' long leaves a compromising position
Everything that isn't becomes questionable,
unbelievable
And becomes weak at some point

Done got the strength to blow and to hit jackin' this joint
Somethin' long lastin'
Big Boi and Dre, the duo whose chemistry gave a
potion of rare fate
Two Atlanta boys that became men of the century

For the same ol' boys to be OutKast
Raps an' OutBlast and OutLast the peers of the game
Move with the groove an' don't let the smooth groove
fool you
So it is believe in the dirty

Southern play-allistic Cadillac funky AT aliens
The kind that makes Aquemini
Big Boi and Dre presents OutKast
So get ready to bump 808-style

To "The Speakerboxxx" and "The Love Below"
Two albums with the same ol' flow
Ya'll enjoy, ya hear?
Signin' off A.K.A. Possum Dre
