**(feat. Khujo Goodie, Cee-Lo)**

*[Big Boi]*

Nah nah nah  
That's part of the  
That's, yeah  
I got ya good that time, shawty

*[Debra Killings]*

Start over again  
Everything happens for a reason  
Good doesn't come without pain  
Start over again  
Everything happens for a reason

*[Big Boi]*

Ain't it funny how you're born and then your life begins  
Just like a baby all alone, that's if you wasn't a twin  
You must begin to fend for self when the umbilical's cut  
The doctor put you under the heating lamp, your spirit  
is touched  
You know what, I take that back, why? You was alive  
Date of conception, interception cause the sperm did  
collide  
From T 'n A to DNA, feelings turn to children  
The morning after pill didn't put a halt to our very  
existence  
We livin, breathin, soon we'll be teethin  
Our granny got a gold and now we want one for that  
reason  
An adolescent mind is so impressionable in those  
stages  
But parents got to parent their kids to keep them out of  
cages  
Cell therapists beware of this lugie that I spit  
Incarceration without rehabilitation really don't mean  
shit  
Little Ricky's home, he gotta serve probation for six  
months  
But Uncle Donnel and Ol' Dirty Bastard still in the joint  
Reset

*[Debra Killings]*

Start over again  
Everything happens for a reason  
Good doesn't come without pain  
Start over again  
Everything happens for a reason  
Start over again  
Everything happens for a reason  
Good doesn't come without pain  
Start over again  
Everything happens for a reason

*[Khujo]*

Good does not come without pain  
Meaning, before it gets better, it's goin get worse  
Like my homies on the sick side still dyin over turf

That don't belong ot urse  
I mean us, left in the dust  
Try to catch up with massah  
I used to wanna wrap my hands around the esophagus  
of them crackers  
But Ephesians 6:12 said it wasn't flesh and blood that  
we wrestle against  
Principalities, powers of this world  
Rulers of darkness and spiritual wickedness  
In high places, so throw that whole armor of  
righteousness  
I spark this thang, but my name ain't Bubba  
I got a problem with racist cab drivers, like Glover  
And brothers that wax fat an dforget all about the  
struggle  
Yeah, come on, come on  
Guess what, guess what  
Time to reset this thang

*[Debra Killings]*

Start over again  
Everything happens for a reason  
Good doesn't come without pain  
Start over again  
Everything happens for a reason

*[Cee-Lo]*

Listen to me  
I awaken to sunlight that's beyond bright  
This day will be done right  
There is a war, just waiting on the other side of the  
door  
But I'll be bringing God to the gunfight  
Can't live forever, so have some fun, right

Life's a bowl of candy, you can have one, right  
You can handle if tomorrow never comes, right  
You'll get used to singin if only for one night  
But I intend to raise two daughters and a son right  
And I couldn't have wrote this if I was hopeless  
And see I focus to provoke this  
So open wide for my opinionated opus  
Stop playin Go Fish, but not below this  
Before I go, I thought that you all should know this  
Recognize and realize before any regretting  
Before you relapse, perhaps you'll consider resetting  
Hmm?

*[Debra Killings]*

Start over again  
Everything happens for a reason  
Good doesn't come without pain  
Start over again  
Everything happens for a reason
