*[spoken:]* "the morning after"

What time is it?

7:48?

Where Where Where are my where are my panties?

Oh my god where are my panties?

What? I don't..

He gon' think I'm a hoe

Fuck that I liked it

I was drunk and it was my birthday anyway

Maybe I should just lay here and let him touch my booty

Mmmm.. but he don't even know my name

I know she think I just think she some kind of hoe

I don't give a shit about givin it up on the first night

That just let me know she know what she want out of  
life

What a hell of a way to goddamn wake up

Ooo that shit was good

Oo maybe she'll get me some breakfast

She so god damn sweet

Sweet as she wanna be

Oo I just like Oo i wanna lay in her hair

Can't fall for her don't fall for her ice cold (ice cold)

Maybe I'll just roll over and just lay on her booty

Yeah.. naw naw naw

Nah I'll just lay here and be cool be cool ice cold (ice  
cold)

But what if she's what if she's what if she's if she's the  
one
