Toji kometa hanashi o
Hikari furasu you ni
Kikasete ne sotto
Ending Song I
(English)
One soundless midday
The wind was fresh and clean
And the flower petals
Swayed as if they were asleep
This serene feeling...
Tell me what's the name people give it?
Tell me a story
That's locked away
In the white sand of the moon
Let me hear it as gently
As light shining down.
