Outsidaz' Night Life

[Young Zee]

This rap hell has got skulls and mac twelves

Over past gels, crack sales, and blackmails

When your people get clocked it hurts

They quit thuggin, run and join a baptist church

We pushin white C-3's with five TV's

The Outsidaz, it's on the Night Life EP

[Axe]

See, Axe the trife type, live the Night Life

Amongst dark alleys and bright lights

A heist might, end it all for the right price

Guess who's back in the house, Axe and the Outs

The wack crap you yappin about get you cracked in the  
mouth

Wanna be president, put me in office

My old ??? ran for European horses

Skiing off cliffs, G'ing off this

Rob banks, clearin Porsches

Me and Nawshis, y'all shoulda been being cautious

[Nawshis]

My Night Life'in, make cats get liars

When Axe pass the striker, I rapid fire

Nauseous, I'm main coursing, no appetizer

The emcee sacraficer, like a rap messiah

Run up on you, 'specially if that balls sellin

Catch him on stage, get put in a full nelson

This the O-U-T flow, for rappers finito

But'cha girl could get the EP tho'

Chorus:

"What'choo want, what'choo want, what'choo want,  
what'choo want?"

[Denzy]  
You corn like the cereal Pops  
Get ripped torn over my stereo box  
?Ya'oufits? on like stretch and pops weapons cocked  
Get skipped like records ???, then I'm stretchin ya drop  
Out's, we love cream, guns, and bitches  
Don't trust fiends, nuns, and snitches  
Want funds and riches, bombin sisses  
Plus we out for fame like Bonnie and the Pointer sisters

[Yah Yah]  
You could feel it  
The floors is shakin, wars is wagin'  
Across the nothern nations  
All before daylight savings  
The Night Life on location  
Gun and smoke risin' like undertoe lake reservations  
Under y'all faces, it's hip hop John Wayne ?Gaisees?  
With laced weed and bass beats  
We got grow six, explosives, and overdoses  
For you and your associates  
While we sweep the coast'es's  
Outsidaz transendin  
The hip hop world as you know it, is now at an endin

Chorus

[Pacewon]  
Roll up the crime crime, organized crime dime  
Between love and hate there's a fine line  
Some people hate how we gettin it, some people ride  
mine  
Cheer for me like they got pom-poms in the nine-nine  
We straight rockin it, two G, we lockin shit  
Outsidaz' Night Life a gift to the provocative

[DU]  
Where I'm from we miss Biggie  
Flip keys, so if you stick with me  
Its strictly bright lights and big cities

No dough, it's a lotta caffeine, gotta have cream  
That's why we run this rap scene like a Carl Lewis track  
team  
D-U'a, representin New Jay-ruz  
Pump six holes in you like pool tay-bles

[Az-lzz]

Yeah, we stack dough get wet like tadpoles  
Y'all fags though nigga, all pussy like black gold  
With the mack fold, punk you ain't gon' do shit  
Don't pull it out if you ain't gon' use it  
These are the last days before I get cast weight  
Its a must, I have to Rock Hard like Cafe  
Mother...

[Outsidaz]

Outsidaz, Night Life, urban brew  
Why try, we murda you  
Drive by's in convertible  
Lex, stretched like your grandmothers chest  
Yes sir, plus higher than your pops blood pressure
