I stood alone, pulled a dime from my pocket and  
wished  
Making sure it hit the bottom of the well  
But fruition never came  
So I am taking back my wishes, I could be wrong  
But this is another reason for an angry farewell  
But Iâ€™m anxious for a change now

It seems no matter what you do  
It seems no matter what you say  
It seems however far away  
I still keep running back to you

Stretched out, reached out all I can  
Iâ€™m stretching out until the point Iâ€™m breaking  
But you thought Iâ€™d never leave  
Yet tomorrow may be another day, but the day  
For no mistaking it could happen while you sleep  
Now

It seems no matter what you do  
It seems no matter what you say  
It seems however far away  
I still keep running back to you

Thereâ€™s room for changing, so Iâ€™m rearranging  
Myself to be much better than what I am now  
Yes, Iâ€™m addicted, and I admit it  
So everything can be better than what it is now

So much better now

I stood alone, pulled a dime from my pocket and  
wished  
Making sure it hit the bottom of the well  
But fruition never came  
So I am taking back my wishes, I could be wrong  
But this is another reason for an angry farewell  
But Iâ€™m anxious for a change now

It seems no matter what you do  
It seems no matter what you say

It seems however far away  
I still keep running back to you

It seems no matter what you do  
It seems no matter what you say  
It seems however far away  
I still keep running back to you

Keep running back to you, I keep crawling back to you  
I keep running back to you

Keep running back to you, I keep crawling back to you  
I keep coming back, crawling back, crawling back to  
you
